

Dear Oval Fire Products Customer:

In 2016, Oval Fire Products introduced an innovative fire extinguisher that facilitates compliance with ADA requirements. I was an original investor in the business, have been involved in its development since the beginning and believe in the future of its products.

The Oval fire extinguisher fulfills an important need in the market, and sales have developed steadily. Unfortunately, the company has been unable to generate sufficient revenue to support its operations.

Therefore, on October 23, a company that I formed acquired the assets of Oval. Our intention is to invest sufficient resources in Oval to allow it to grow and fulfil its potential.

Oval remains open for business and there will be no interruption in its operations. We continue to manufacture and ship products. All open orders will be filled. New orders are being processed daily.

With one exception (Andy Rachmiel), all Oval personnel have remained with the new company. The contact information for the company and all personnel remains the same. Please do not hesitate to contact either Kevin Kozlowski (kkozlowski@ovalfireproducts.com) or Travis Dukes (tdukes@ovalfireproducts.com) at Oval for more information. You should also feel free to contact me at (312) 666-5500 or skersten@ovalfireproducts.com. We appreciate your past support of Oval, and we look forward to working with you in the future.

Sincerely,

Steven A. Kersten
